4.1: Physical Facilities

The college has adequate infrastructural facilities as a catalyst for ensuring academic excellence. It has long term planning for expansion of facilities to meet future development. The Management takes keen interest and efforts to create and enhance the physical facilities to provide quality education. In every academic year proposals are invited from the departments that are then placed before CDC. The committee gives approval after identifying the needs based on the priorities for the development of infrastructure. The budget requirements are analyzed and sanctioned by the Management. The feedback of the stakeholders regarding their needs is also taken into consideration while deciding the policy. As per their suggestions and needs, the infrastructure is created and enhanced.
