online classes but due to network problems I was never able to take classes in a row. I used to look like a classmate, but I used to look like a classmate... but everything I saw seemed like an illusion... Because he was just completing the formalities. But I did not really get that knowledge. I'm sorry about that... I have not been able to learn for one or two years in a row due to coroscopic conditions. I will pass all the subjects but not the demonstration of those subjects but at least I have not got the knowledge of that theory. I will get a degree but I don't know whether it will be shared or not. This will be my shortcoming for the rest of my life. Thank a lot.
